**Section 2 - Hazard(s) identification**

Other Limits

Hazardous Components (Specific Chemical Identity: Common Name(s)) OSHA PEL ACGIH TLV Recommended % (optional)

This product is a proprietary formulation of generally available chemical ingredients.

Complying with 29 CFR 1910.1200 (d), each ingredient in this formulation has been reviewed with the "Guide to Occupational Exposure Values - 2012" published by ACGIH. None of the ingredients have listed occupational exposure values, and can be considered generally safe if handled with due care.

|  | Warning     | None Known.                               | None.                    | Causes skin irritation.<br>Causes serious eye damage. |

**Section 3 - Composition/information on ingredients**

Hazardous Components (Specific Chemical Identity: Common Name(s)) OSHA PEL ACGIH TLV Recommended % (optional)

This product is a proprietary formulation of generally available chemical ingredients.

Complying with 29 CFR 1910.1200 (d), each ingredient in this formulation has been reviewed with the "Guide to Occupational Exposure Values - 2012" published by ACGIH. None of the ingredients have listed occupational exposure values, and can be considered generally safe if handled with due care.

**Section 4, First-aid measures**

|                                    |   |                  |                 |
|------------------------------------|---|------------------|-----------------|
| Route(s) of Entry:                 | Inhalation?   | Skin?            | Ingestion?      |
| Health Hazards (Acute and Chronic) | Eye contact: May cause mild irritation. Ingestion: No harmful effects reported. |                  |                 |
| Carcinogenicity:                   | NTP?  | IARC Monographs? | OSHA Regulated? |
|                                    | NO  | NO               | NO              |

Signs and Symptoms of Exposure

Irritation and burning of eyes, skin, digestive or respiratory tract.

Medical Conditions

Generally Aggravated by Exposure **Exposed wounds.**

Emergency and First Aid Procedures

Eyes and skin - flush eyes with excess water. Wash from skin with soap and water. Inhaled - Remove subject to fresh air. Ingestion - rinse mouth and throat. Drink water or milk. In all cases, call or see a physician.

**Section 5 - Fire-fighting measures**

|  |                                     |           |           |

| Flash Point (Method Used)<br>Not Flammable | (Flammable Limits)<br>Not flammable | LEL<br>NA | UEL<br>NA |
|--|-------------------------------------|-----------|-----------|

Extinguishing Media

No Restrictions

Special Fire Fighting Procedures

Persons exposed to products of combustion should wear self-contained breathing apparatus and full protective equipment.

Unusual Fire and Explosion Hazards

None

**Section 6 - Accidental release measures**

Steps to Be Taken in Case Material is Released or Spilled

Stop spill/release if possible with minimal risk. Dike far ahead of spill for later recovery or disposal. Notify appropriate agencies. Immediate clean up recommended.

Waste Disposal Method

Incinerate recovered liquid in accordance with local, state and federal regulations. Flush residual spill with water into sewer.

**Section 7 - Handling and Storage**

Precautions to Be Taken in Handling and Storing

Store in sealed drums kept in cool, dry place.

Other Precautions

Wear protective equipment if possible.

Respiratory Protection (*Specific Type*)

Use NIOSH approved respirator if conditions warrant.

|             |   |   |
|-------------|---|---|
| Ventilation | Local Exhaust<br>Use in well-ventilated area. | Special<br>Additional ventilation for handling large volumes. |
|             | Mechanical ( <i>General</i> )<br>NA           | Other<br>NA   |

**Section 8 - Exposure controls/personal protection**

Protective Gloves

Water impenetrable gloves that can be washed.

Eye Protection

Chemical safety goggles recommendable.

Other Protective Clothing or Equipment

Work overalls would prevent contamination of street clothes.

Work/Hygienic Practices

Wash gloves and hands before touching anything else.

**Section 9 - Physical and chemical properties**

|   |                      |  |      |
|---|----------------------|--|------|
| Boiling Point                                     | > 100 <sup>0</sup> C | Specific Gravity (H <sub>2</sub> O=1)  | 1.03 |
| Vapor Pressure (mm Hg.)<br>(at 20 <sup>0</sup> C) | As water             | Melting Point                          | NA   |
| Vapor Density (AIR= 1)                            | NA                   | Evaporation Rate<br>(Butyl Acetate= 1) | NA   |

Solubility in Water

Completely Soluble.

Appearance and Odor

Clear, light straw colored liquid with no odor.

**Section 10 - Stability and reactivity**

|           |          |   |                            |
|-----------|----------|---|----------------------------|
| Stability | Unstable |   | Conditions to Avoid        |
|           |          |   | Avoid heat and direct sun. |
|           | Stable   | X |                            |

*Incompatibility (Materials to Avoid)*

Avoid contact with caustic and strong oxidizing agents.

*Hazardous Decomposition or Byproducts*

If involved in a fire, oxides of carbon and nitrogen may be generated.

|                          |                |   |                     |
|--------------------------|----------------|---|---------------------|
| Hazardous Polymerization | May Occur      |   | Conditions to Avoid |
|                          |                |   | NA                  |
|                          | Will Not Occur | X |                     |

**Section 11 - Toxicological information**

Poses no acute toxicological properties that would require special handling, other than good hygienic practices.

**Section 12 - Ecological Information**

This liquid formulation is water soluble, containing no toxic ingredients. Fish toxicity unknown.

**Section 13 - Disposal considerations**

Poses no acute toxicological properties that would require special handling, other than good hygienic practices.

**Section 14 - Transportation information**

*DOT Hazardous Classification*

Not considered hazardous by the U.S. Department of Transportation (DOT)

*TDG Canadian Transportation-*

Not considered hazardous by the U.S. Department of Transportation (DOT)

*International Transportation*

Product has no UN number, and is not regulated under international rail, road, water or air transportation.

**Section 15 - Regulatory Information**

HMIS: Health=0 Fire=0 Reactivity=0 P=None

**Section 16 - Other Information**

This SDS is provided as an information resource only. The buyer assumes all responsibility for using and handling the product. In accordance with applicable federal, state and local regulations.
